

19th Arizona Pavements/Materials Conference

November 16– 17, 2022

Infrastructure Resiliency and Preservation

CALL FOR POSTERS
Poster competition open to
undergraduate and graduate
students

Join us for the 19th Annual
Arizona Pavements/Materials
Conference

Arizona State University
Tempe, Arizona

Conference information available at:
<https://pavement.engineering.asu.edu>

Posters for the 12th Annual Student Poster Presentations at the **2022 Arizona Pavements/Materials Conference** are being accepted until **Friday, November 4, 2022**. The posters should be in line with the conference theme which is “**Infrastructure Resiliency and Preservation**”. They may address performance-related topics on pavement performance, improved engineering properties, construction quality, maintenance, and preservation practices leading to better use of recycled materials and targeting net zero emission.

Competition Format: Posters must be in landscape format with a minimum font of 44. Participants will have a 5-minute live presentation (3 minutes to present - 2 minutes for questions). Be concise and straight to the major findings of your research. Winners will be announced on **Thursday, November 17 at 12:30 pm**. Posters should be sent to **Dr. Ramadan Salim** at rsalim@asu.edu. Cash prizes will be awarded as determined by a judging committee comprised of industry members, agency officials and ASU faculty.

- ◆ First overall place: **\$350**
- ◆ Second place (graduate & undergraduate): **\$250** each category
- ◆ Third place: (graduate & undergraduate): **\$150** each category

To be considered for prize awards, **posters must be submitted by November 4. Late submissions will not qualify for prizes.** Refer to the conference website for information regarding the **judging criteria.**
